

Physical Therapist – Home Care

St. John's Mercy Health Care, a member of Sisters of Mercy Health System, is a healing community whose mission and values are more than mere words on paper. Our co-workers and physicians are called to provide distinctively high levels of care and service to every patient and customer, in every encounter, every day. This pursuit of excellence, combined with our culture of compassion and hospitality, distinguishes Mercy as the healthcare organization of choice in the communities we serve.

Physical Therapist positions available, full time days. One position covers services in north St. Louis city and county and another position covers services in south St. Louis city and county - with weekend hours every five weeks. Qualified candidates must be a graduate of an accredited Physical Therapy program, possess a current MO state PT license, and CPR certification. Must have 2 years of clinical experience in an acute; experience in a home care setting preferred.

St. John's Mercy is a leader in patient care, medical education and research in the St. Louis area. As one of the nation's largest Catholic hospitals and the second largest hospital in metropolitan St. Louis, St. John's Mercy Medical Center operates the only Level I Trauma Center and Level III Neonatal Intensive Care Unit in St. Louis County, as well as the only certified Burn Center in the state. St. John's Mercy leads the way in births in the area and is widely known for pediatric, heart, cancer and wellness services. As a teaching and research hospital, St. John's Mercy uses innovative technologies and draws health care professionals from across the nation who practice in nearly every clinical specialty.
