

# The Aide's Role in Enhancing the Patient's Experience with the Home Care Bill of Rights

A Webinar • Thursday, June 14, 2018 • 2:00—3:00 p.m. CST

Presented by **Sherry Thomas, BSN, MPH**

The Patient Bill of Rights (BOR) sets forth requirements that ensure that patients and families are engaged in their home care and have good outcomes and experiences from their services. This webinar will review key BOR areas common to all home care settings that if not met by agency staff most often lead to disgruntled patients, complaints and a surveyor at your agency's door.

Use this session to meet your training requirements. All in-services emphasize the role of home care aides in observation and reporting. It is the responsibility of the home care company to determine if this workshop meets the specific requirements of its aides. The Missouri Department of Health & Senior Services affirms that this session meets the requirements found at 484.36[b] of the Medicare Conditions of Participation and for in-home service companies, this session meets the required standard for on-going training of aides.
