Home Health Targeted Probe & Educate (TPE) & PEPPER Reports

Webinar & Audio Recording • Wednesday, December 12, 2018 • 1:00—3:00 pm CST

This session will review the goal of the Targeted Probe & Educate audit process. Home Health Agencies will learn how to respond to these record requests as well as the subsequent audit findings. The timelines for responses and the recoupment process will be defined. This session will describe likely audit risks for hospices and how to monitor those risks, including analyzing PEPPER reports. Lastly, this session will assist in providing a checklist for the documentation required to be sent in, but also a checklist of things to review in the chart before sending it in.
