About our Speaker: Arnie Cisneros is the President of Home Health Strategic Management; he has 30+ years of experience as a Physical Therapist across the care continuum, and he serves as a Post-Acute Consultant for multiple Pioneer ACO systems. In 2012, he was awarded a Bundle Payment for Care Improvement Pilot Program, in conjunction with the Detroit Medical Center, to address Episodic Bundling for Lower Extremity Joint Replacements. The 2016 CCJR Initiative is based on Model 2 Bundling Pilot programs for Total Joint Replacements, which Arnie has managed since 2014 for the DMC.

Home Health Reforms—How Value Reforms Will Affect Therapists

Thursday, January 24, 2019 • 9:00—10:00 a.m. CST

Medicare reforms slated to begin over the next three years will alter the Home Health model in various ways. Rehab therapists will experience many programming changes from the new Value Models, and this webinar will outline how those areas will affect therapist working in homecare.

Star Ratings and What They Say About Your Rehab Care Under Value-Based Purchasing

Thursday January 31, 2019 • 9:00—10:00 a.m. CST

Value-Based Purchasing (VBP) expands nationally in 2020, and home health providers will have their rates affected by their Star Ratings. Learn how Star Ratings define your skill to Medicare and their beneficiaries, and how to produce and maintain 5-Star rehab scores.

Medicare-Required Rehab Documentation-How To Get On The Medicare Path

Thursday, February 7, 2019 • 9:00—10:00 a.m. CST

Home Health therapists often struggle with skilled programming, denials of care programs, and compromised clinical outcomes. Nearly all Home Health therapists believe their Star Rating scores don't relate to their care quality, and rehab denials are a primary audit focus. In addition, the removal of rehab from the payment model, will limit the access to patients in the future. This progressive webinar will help rehab therapists get on the Medicare path through CMS-required rehab documentation.
