

The Missouri Alliance for Home Care presents...

Home Health Top Deficiencies

**Webinar & Audio Recording for Administrators, Clinical Managers, QAPI Personnel & Clinicians
Thursday, June 20, 2019 • 9:00—10:30 am CST**

Many home health agencies across the country are still having a hard time understanding and implementing the new Home Health CoPs that were effective January 13, 2018. Since the implementation of the new CoPs, many agencies have been surveyed and have experienced mixed reviews. This session will assist you in understanding the difficult CoPs and show you what can be implemented to be less vulnerable to deficiencies. Deficiencies seen to date along with plans of correction to prevent deficiencies in the future will be reviewed.

Presenter: Sharon Litwin is the founder and senior managing partner of 5 Star Consultants, a national consulting and coding firm specializing in homecare and hospice services since 2003. Sharon is a former ACHC and CHAP surveyor, performing Medicare deemed surveys for ten years. Sharon has been in the homecare and hospice industry for over 30 years. In her consulting firm, Sharon and her team of RNs assist home health and hospice agencies in providing quality, meeting regulations, ICD-10 coding, OASIS, increasing outcomes and Star Ratings, and having continued survey readiness. Sharon and her staff perform ICD-10 coding and OASIS reviews, QAPI, clinical record review, mock surveys and help agencies across the country stay in compliance.

Registration Form

Registration fees are for 1 connection and audio recording. For additional sites, copy this registration form & send in with proper payment amount.
