

2020 MAHC Electronic Visit Verification Virtual Summit Exhibitor Prospectus

December 9, 2020

As MO HealthNet continues to move forward to implement the federal EVV mandate, Missouri will operate an open system model allowing personal care agencies to use their current EVV vendor or choose any vendor that can collect and transmit the required data elements.

To assist agencies in making an informed purchasing decision, whether it be an agency without a current EVV vendor, or one wanting to switch, the Missouri Alliance for Home Care will be hosting a live EVV Summit on Wednesday, December 9th, which will include a **virtual exhibit hall showcasing a variety of EVV vendors**. The virtual exhibit hall will be open to registrants through January 31, 2021 to allow ample time to visit vendor booths.

The **2020 MAHC EVV Virtual Summit** will include presentations from various state departments/division staff on Missouri's new EVV regulations, audit and compliance expectations/timelines, aggregator status & general updates.

◆ **Target Audience:** Missouri personal care providers
