

Value Based Purchasing- Potential Nationwide Rollout

Webinar & Recording • Wednesday, October 6th, 2021 • 1:00 — 2:30 pm CST

The Home Health Value-Based Purchasing (HHVBP) Model was a 5-year demonstration that ended in 2020. This demonstration was active in 9 states. CMS has announced that HHVBP will be implemented nationwide effective January 2022. There are some slight changes to the measures that will be utilized in the program moving forward. As a demonstration, HHVBP, was very effective at saving the Medicare system millions. This webinar will review the Home Health 2022 Proposed Rule regarding the HHVBP nationwide rollout and make suggestions for agencies to smoothly transition into this model. Statistics and experiences from the demonstration will be reviewed. HHVBP rewards HHAs that provide better quality care per outcomes, while agencies with poor outcomes could see reductions in payments.

Objectives:

- Review the structure to the HHVBP that ended 2020
- Review results from FL during the HHVBP Demo
- Review the changes to the measures included in HHVBP
- Review the changes in the calculation methodology
- Review the Star Ratings impact from HHVBP
- Review what agencies should do to prepare for nationwide rollout

Presenter: **Melinda Gaboury**, has more than 29 years in home care and over 20 years of executive speaking and educating experience, including extensive day to day interaction with home care and hospice professionals. She routinely conducts Home Care and Hospice Reimbursement Workshops and speaks at state association meetings throughout the country.
