Register today to attend these Home Care Industry Regional Meetings that will give providers an opportunity to come together in convenient locations throughout the state to hear from MAHC leaders and network with other providers on the issues facing the home care industry today and in the future. **All MAHC members are welcome.**

Members of the MAHC Board of Directors and MAHC's Executive Director, Carol Hudspeth, will present information of importance and an update on key issues impacting home care providers. We also want to hear from you! What issues are important to you? What can MAHC do to improve our member services? This is your association and we want to provide you with the best information and services for you to succeed.

**NEW THIS YEAR!** MAHC feels that no matter what services you offer, providers can benefit from hearing issues related to all home care provider types; however, we also know how valuable your time is. **This year discussions will be broken up into time frames. The first hour will be devoted to Home Health and Hospice issues. The second hour will address In-Home, CDS and Private Duty. Depending on the services your agency provides, either attend hour one or hour two or choose to stay for both!**

**Tentative Agenda Includes:**

- **What's Ahead for Home Care in 2018-2019**
- **Key legislative issues**
- **Group discussion about local, state and national issues**
- **Group discussion on MAHC activities and benefits and what else MAHC can do for you**
- **Opportunity to network with peers**
