Missouri Alliance for Home Care in partnership with the Association for Home & Hospice Care of NC presents...

## The Aide's Role in "Back to Basics"

A Webinar • Thursday, February 13, 2020 • 2:00—3:00 p.m. CST

Presented by John Conrad and Libby Hart, RN

In this webinar, we will review daily assignments given to the Home Care Aide such as: patient care, electronic charting, proper positioning with each task (i.e. driving, talking on the phone) to prevent physical injury to the nurse aide. We will review current practice and technique strategies to ensure healthy work habits, reduce the risk of injury on the job and to provide safe effective care to the patient.

Use this session to meet your training requirements. All in-services emphasize the role of home care aides in observation and reporting. It is the responsibility of the home care company to determine if this workshop meets the specific requirements of its aides. The Missouri Department of Health & Senior Services affirms that this session meets the requirements found at 484.36[b] of the Medicare Conditions of Participation and for in-home service companies, this session meets the required standard for on-going training of aides.
