Pondering Home Health Agency Data: Do Your Scores Match Your Efforts?

Webinar & Recording • July 10, 2024 • 10:30 am —12:00 pm CST

Program Overview

Home Health Agency Care Compare and Star Ratings are published for the world to see, but at times, the data published doesn't seem to match the team efforts of the agency's staff. In this webinar, explore what can be done to ensure your scores are a true reflection of the care you deliver to your community. We will explore what data is used, the dates of published data and scheduled refreshes, State and National data comparisons, and how to ensure data accuracy.

Presenter: Jennifer Osburn, RN, HCS-D, COS-C is a Clinical Consultant with Healthcare Provider Solutions, Inc. (HPS). With over 30 years of home health experience, Jennifer brings a wealth of knowledge and expertise which includes education and training, agency management, quality, clinical case management, and software technology. She is also a credentialed OASIS and ICD-10 Coding expert.
