

Bethesda is hiring full-time Home Health RN Case Managers to join our team of talented, caring professionals in the St. Louis area.

The Home Health RN case manager is a member of a dynamic disciplinary team managing 15-20 cases. All patients are located in a designated area in St. Louis and are mostly residents in our senior living communities. Hours are M-F days, plus 1 weekend a month.

We offer full-time hourly pay plus overtime and a full suite of employee benefits.

Qualifications:

- Education/Training/Experience
  - Education from an accredited school of nursing that results in becoming a registered nurse.
  - Long-term care or home health experience preferred.
- Licensing/Registration/Certification:
  - Current license in the state you will be working as a registered nurse.
  - Current CPR/AED certification required.
- Skills and Abilities
  - Must possess critical thinking skills.
  - Excellent communication skills to interact verbally with patients, family and staff.
  - Excellent time management and organizational skills.
