

New in 2018! Dementia Core Skills Training

Now Available from MAHC in Two Format Options!

Dementia Core Skills Training

MAHC continues to be committed to providing a quality Alzheimer's and Dementia Training program. We are proud to announce that we have partnered with the AGE-u-cate Training Institute to bring you this new training. This training program is designed to educate home care workers with basic information about the disease and train them how to provide safe and effective care in a home setting.

Using this training and handouts, employees will learn basic information that follows the most recent guidelines and standards of care, so you can be confident your staff is receiving the most regulation-compliant education.

This program is an effective way to provide comprehensive standards of excellence in the home care profession and delivery of dementia care.

Get the basic tools you need from this comprehensive and engaging **60-minute training program** on dementia and Alzheimer's disease.

Together, this training and accompanying handouts meet the Department of Health & Senior Services, the Bureau of Home Care and Rehab Standards, and the Division of Senior and Disability Services regulatory requirements related to employee Alzheimer training.

Video training guarantees that your staff receives the same consistent, high-quality education. With this program as part of your training resource library, you'll never have to scramble for dementia training again.

Order in Your Choice of Two Formats!
